A New Line of IP-Controlled PTZ Cameras provide Optimal Quality in Streaming and Remote Production over the Internet

CONNECTED CAM™

Wide angle, NDI®|HX, SRT, VITC provide optimal streaming image quality and performance for Remote Production over the Internet.

House of Worship

■ Wide Field of View

Super-wide horizontal angle of view is 80° which is ideal for use in houses of worship, sports, and event venues.

KY-PZ510/N series 3
KY-PZ400N series 4

■ Supports various protocols

Supports industry standard control protocols such as NDI®, Pelco, and JVC API, as well as SRT for streaming distribution.

KY-PZ510/N series 3
KY-PZ400N series 4
KY-PZ200/N series 4

Classrooms

■ SMART Auto Tracking

SMART (Subject Movement And Recognition Tracking) technology enables the camera to recognize and follow a specific person even within a small group in the frame.

KY-PZ510/N Series. 3

Studios

■ 4K60p50p IP Streaming

4K 60p50p output capability for both IP streaming and HDMI, ideal for live productions, sporting events, and broadcasts.

KY-PZ510/N series 3
KY-PZ400N series .... 4 (up to 4K30p25p)

■ HDMI output supports YUV 4:2:2 12bit and RGB 4:4:4 8bit.

KY-PZ510/N series 3

Sports Venues

■ 30x Power Zoom

KY-PZ200/N series .... 3 (up to 20x)
KY-PZ100 series 4

■ Multi-Camera Synchronization with VITC and NTP

Synchronization of live video streams is ideal for the mixing and streaming of concerts, shows, and sporting events.

KY-PZ510/N series 3
KY-PZ400N series 4
KY-PZ200/N series 4

offices

■ UVC

Provides Webcam function via USB connection.

KY-PZ510/N series 3
KY-PZ200/N series 4

■ Zero Config

Enables automatic camera detection for easy connection and set-up with JVC Live Production and Streaming Systems (KM-IP Series).

KY-PZ400N series 4
KY-PZ200/N series 4

4K PTZ REMOTE CAMERA (NDI®|HX)
KY-PZ510NW/NB

4K PTZ REMOTE CAMERA
KY-PZ510W/B

4K 60p50p H.265/HEVC streaming, NDI® 5, SRT, and advanced auto tracking provides optimal image quality and performance for remote production over the internet.

4K **NDI|HX** **SRT** SECURE RELIABLE TRANSPORT **H.265/HEVC**

KY-PZ510NW
KY-PZ510NB

NDI|HX3

The KY-PZ510N has the NDI® HX3 mode which delivers maximum quality and near zero latency transmission at a reduced bandwidth compared to NDI® High Bandwidth.

KY-PZ510N NDI®|HX3 mode

NDI®|HX3 (H.264)			NDI®|HX3 (H.265)		
Resolution	rate	Bitrate	Resolution	rate	Bitrate
1920x1080	50p	52 Mbps	1920x1080	50p	41 Mbps
	60p	62 Mbps		60p	50 Mbps

■ Super-Wide 80-degree Field of View

Focal Length is 3.47mm to 41.7mm (21.8 mm to 261.8 mm, 35mm equivalent). Super-wide horizontal angle of view is 80° which is ideal for use in offices, classrooms, studios, event facilities, sports venues and houses of worship.

■ YUV 4:2:2 12bit

HDMI output supports YUV 4:2:2 12bit and RGB 4:4:4 8bit.
*Some switchers may not support the above signals.

■ 4K 60p50p Streaming to YouTube

You can stream 4K(2160p60) from KY-PZ510/N to YouTube.

■ 4K60p H.265/HEVC Streaming

H.265/HEVC

Ultra-high resolution 4K60p streaming is ideal for viewing sports and events. Highly efficient H.265/HEVC compression technology also produces similar or better image quality than H.264 at 50% of the bitrate.

■ SMART Auto Tracking

SMART (Subject Movement And Recognition Tracking) technology enables the camera to recognize and follow a specific person even within a small group in the frame. The target subject can be selected using the included remote control.

Select Person

■ NDI® 5

NDI|HX

KY-PZ510N (Built-in NDI®|HX) support NDI®5. NDI®5 support Reliable UDP (RUDP) transmission protocol. RUDP ensure reliability through retransmission with high-speed communication, such as UDP.
■ UVC (USB Video Class)

■ Multi-Camera Synchronization with VITC and NTP

■ Save Setup Files

You can save the menu settings as a setup file on a PC.

■ Multi-Slice Encoding Technology

Multi-slice encoding technology increases performance and efficiency while reducing latency to achieve optimal image quality of live transmissions in 4K60p HEVC mode.

Multi-Slice Encoding
Encode 3 parts simultaneously

Single Slice

Slice
Slice
Slice

■ Still Image Capture

Up to four still images can be recorded internally. This is useful for storing the image from the camera's current location or recalling its previous field of view.

■ Quality Streaming with NDI® and SRT

For reliable, stable streaming, all models feature various QoS capabilities.

NDI|HX NDI®|HX is a high quality, low latency IP video transmission standard pioneered by NewTek.

SRT SECURE RELIABLE TRANSPORT SRT advanced streaming uses automatic repeat request (ARQ) and forward error correction (FEC) to prevent packet loss typical for internet connections. SRT also offers stream encryption for content protection.

■ Barco ClickShare
`KY-PZ200N/KY-PZ200`

KY-PZ200/N series and ClickShare Conference system together provide an optimal one-click meeting experience for presenters as well as participants in a variety of remote and in-person collaboration applications.

■ Still Image Capture

Up to four still images can be recorded internally. This is useful for storing the image from the camera's current location or recalling its previous field of view.

■ H.264/H.265/Motion JPEG and Dual Streaming

In addition to H.264, a video codec widely used in PCs, smartphones, or tablets, H.265 is also supported. Moreover, the dual streaming capability enables workflows such as editing videos with low load using low-resolution substreams and simultaneously generating edited videos with high-resolution mainstreams.

■ 2-Color Tally Useful for Studio Shooting
`KY-PZ400N`

A tally LED is available on top of the lens mount. It lights in either red or green depending on the mode, allowing you to easily check the program status or standby mode even while camera is panning.

■ UVC (USB Video Class) Support for Webcam Usage
`KY-PZ200N/KY-PZ200`

USB 3.0 with UVC Support

Photo shows KY-PZ200N/KY-PZ200.

Using an optional USB cable, you can connect the KY-PZ200N/KY-PZ200 directly to a PC and use it as a webcam. This allows for web conferencing and remote lectures with high quality, high magnification images.

KY-PZ100W/B

Your IP-Controlled HD Video Streaming and Delivery Solution

■ Wide Horizontal Angle of View: 63.7˚ Powerful Optical Zoom: 30x

Equipped with 30x optical zoom, the KY-PZ100 is capable of capturing distant subjects. Even in a grand hall or auditorium, the speaker's expressions and handwriting on a board will be clearly captured. 12x digital zoom is also available.

■ Super Fast Pan/Tilt of max. 480˚/sec*.

With maximum 480°/sec*. movement offers the scene transition sharply.   *In case with AC adapter. 400˚/sec. with PoE+.

■ Super Slow Pan/Tilt of min. 0.1˚/sec.

Extremely slow movement of 0.1°/sec. offers a good look at the scene even at high zoom rates.

■ 0.02 lx of Minimum Illumination for Precise Color Reproduction

In High-Sensitivity mode, minimum illumination is 0.02 lx. Superior color reproduction is ensured even at low light.
The Night Mode is also available for even darker environments (0.003 lx of minimum illumination).

Normal color reproduction   High Sensitivity mode

■ Direct Drive Mechanism for Accurate and Quiet Pan/Tilt

The KY-PZ100 incorporates JVC's Direct Drive Motor that offers precise, highly responsive pan/tilt and silent movement compare to the normal stepping motor mechanism.
Operating noise of Direct Drive is approx. 20% lower than normal stepping motor system, which is especially suitable for the usage of classic concert, church and so on.
■ High Accuracy of +/-0.03˚ for Preset Positions

Adjusts to preset positions with high accuracy, offset less than 0.03°. Maintains precise shooting positions even at high magnification with virtually no deviation.

■ Simultaneous Output of 3G-SDI and HDMI in addition to IP

■ microSDHC/microSDXC Card Recording and File Upload Capability

The KY-PZ100 features a built-in digital recorder that records HD from 5Mbps to 50Mbps directly to microSDHC/microSDXC card. Recordings can be uploaded from the camera to an external server.

Remote Camera Controller
RM-LP100

This advanced controller connects to your network and provides complete IP control of multiple cameras on your network and over the Internet. Touch panel and control lever operation give you total control. Operate up to a hundred cameras from the controller.

- 7" touch-panel LCD for PTZ and CCU functions
- Professional zoom lever for smooth, variable speed zoom control
- Heavy duty control lever for precise pan/tilt control
- Focus dial with push-auto function
- User assignable function keys
- IP control of up to 100 cameras
- Tally Input/Output (D-Sub)

Power switch | DC In | LAN | Service terminal | Tally | Setting switches | Serial terminal (Not used)

■ Multi-Camera Synchronization with VITC and NTP

KY-PZ510/N, KY-PZ400N, KY-PZ200/N series

Multi-camera synchronization of live video streams is made possible with the VITC (Vertical Interval Time Code) and NTP (Network Time Protocol) used in 1920x1080 60p50p mode. This feature is ideal for the mixing and streaming of concerts, shows, and sporting events where image synchronization is critical.
